

A Beacon of Hope

Matthew 25 is more than just a healthcare center; it is a beacon of hope for our most vulnerable neighbors. We bridge a critical gap in our community by providing specialty care - advanced medical and dental services like cardiology, orthopedics, and so many more - that go beyond basic healthcare.

Many uninsured patients have nowhere else to turn for these essential treatments, leaving chronic conditions unmanaged and lives at risk.

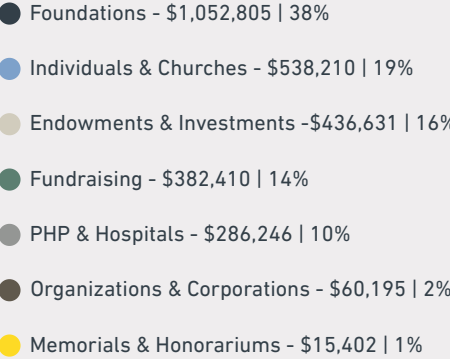

By offering specialized care at no cost, we ensure that everyone, regardless of their circumstances, receives the comprehensive treatment they need to live healthier, fuller lives.

At Matthew 25, our commitment to care is our most powerful testimony as we support each patient on their journey to health.

Special thanks to our top foundation supporters:

Thank You from the Directors

Matthew 25 remains committed to providing free care to low-income, uninsured adults in our community. This past year has brought unprecedented demand for our services, underscoring the critical role our clinic plays in meeting essential healthcare needs. Inflation and economic instability have left more families struggling to afford healthcare. Fluctuations in employment have resulted in more individuals losing employer-provided insurance, making free healthcare services even more vital. We thank our donors and grantors for partnering with Matthew 25 to build a healthier community for all.
