

With Gratitude

On behalf of Matthew 25 and the Board of Directors, we'd like to say Thank You to each and every one of our supporters for their continued dedication to the mission of Matthew 25 Health and Care. Having served our community for over 47 years, we proudly present this year's impact report.

Matthew 25 serves a population that is often forgotten. The working poor, now more than ever, find themselves having to choose between feeding their families and taking care of their health. Insurance premiums, high deductibles, and the skyrocketing cost of medications make Matthew 25's mission critical to the health of the entire community.

With your help, Matthew 25 is able to bridge the gap for these individuals and eliminate their need to choose. With medical, dental, vision, mental health, specialty care, educational and medication services provided free of charge, Matthew 25 provides better health outcomes for the whole community! Healthier individuals miss less work, encourage healthier families, spread less disease and contribute to our community in many ways. Thank you for allowing Matthew 25 to be the helping hand for those in need. Together we are changing lives!

Thank you for supporting Matthew 25. If you have questions about planned giving or ways you can make an **impact** by including Matthew 25 in your philanthropic journey, we're here to help!

Our Mission: We are inspired by the Gospel to provide free primary healthcare services to uninsured, low-income residents in Northeast Indiana and Northwest Ohio.

MATTHEW 25

HEALTH AND CARE

IMPACT REPORT | FISCAL YEAR 2021—2022

Donor Impact

Matthew 25 acts as a safety-net organization, providing high-quality medical care to the most vulnerable in our community. Low-income, uninsured adults burdened by financial hardship don't have the monetary resources to purchase private healthcare plans or may not qualify for government funded coverage. The lack of health insurance decreases the use of preventative care and is associated with poor health outcomes. Disease does not stop because insurance is lost.

This is where your support makes a BIG IMPACT. Matthew 25 receives no government funding. We are only able to serve the community because of the financial support from churches, businesses, foundations and people like YOU!

At Matthew 25, every dollar counts! The Community Impact section affirms the majority of all funding received supports direct patient care, medications, and supplies for those we serve.

GIVE HOPE, HEALTH, HEALING...TODAY!

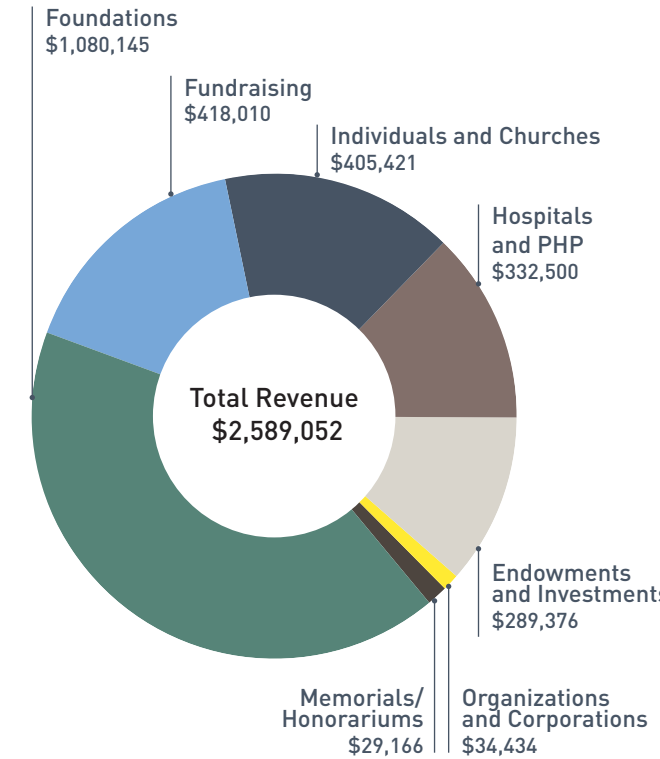

By providing the gift of health and healing, you are not only changing the lives of our patients, but you are touching the lives of everyone around them. Healthy people encourage healthier living, miss less work, spread less disease and tend to share a more positive outlook on life, contributing to the entire community in a positive way.

Recognizing our top foundation partners

In kind Contributions
\$5,821,796

Matthew 25 is extremely grateful for the many types of donors we are blessed with. Some support the health of our community through financial gifts, estate planning, stock donations or sponsorships. Some support our patients through in-kind contributions such as clean and lightly used medical equipment, unopened and unexpired medication or adding M25's name to their Kroger card as a community partner.

Community Impact

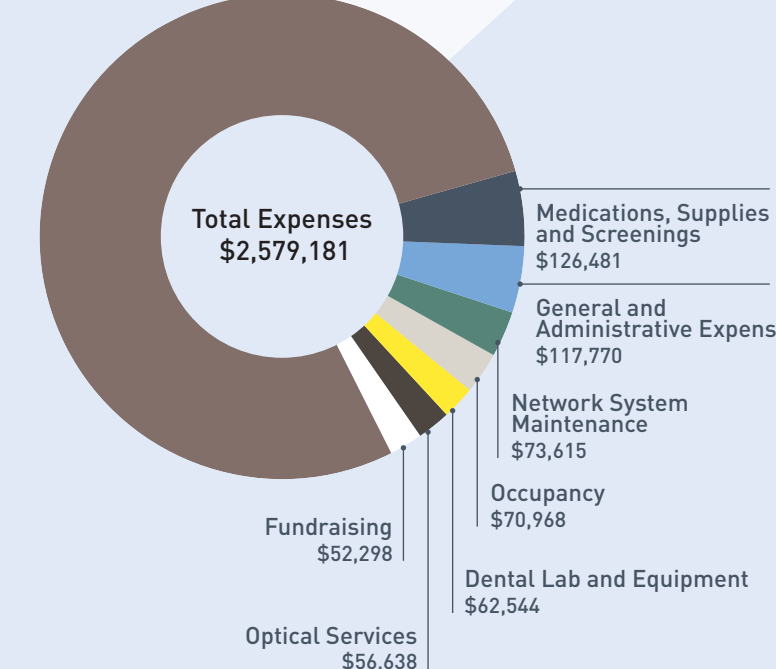

Inspired by the Bible verses for which we are named, we offer hope to the most vulnerable in our community – treating them with compassion and dignity, regardless of background or beliefs.

We provide high-quality, full-spectrum medical, dental, vision, mental health and medication services. With the help of experienced physicians, dentists, and providers, we deliver acute care for illness and injury as well as chronic disease management, preventative services and counseling.

We meet patients during the most difficult, uncomfortable situations he or she has ever faced. Inspired by our namesake scripture, we are called to help and called to care. We help those in need reclaim control of their health and introduce them to a new, healthy way of life that would never have been possible without medical care.

“Matthew 25 has always been welcoming to me and my family; they’ve always gone the extra mile to make sure that I am doing well. The bible states that a person should help anyone they can in the chapter Matthew 25, and to me, the organization truly does embody that sentiment.”

At Matthew 25, compassion is in the air we breathe and the words we speak.
